

INAUGURAL VIRTUAL CONFERENCE

A MESSAGE FROM OUR CEO

We would all agree that 2020 is a year that we all like to see come to a close, along with the challenges that it has presented us all with. Only a short year ago not one of us had heard of Covid19, yet it has reshaped our lives in so many different ways, from the way we work, travel to seeing our family and friends. We have all had to adjust and find different ways of managing through a pandemic.

As we move beyond the initial shock and stress that this caused and begin to settle into the next phase of normal it's important that we all regroup and look towards 2021. I look forward to seeing you all at our very first virtual conference.

Kind regards

David Collins

November 25th, 2020
